

EAGLE VIEW FAMILY-SCHOOL PARTNERSHIP

The Eagle View Family-School Partnership team was established in November 2007. This team of teachers, administrators, and family members works to improve the family-school connection by focusing on six types of family involvement. The team's plans will improve school climate, increase family involvement, and support students and families within and outside of the school.

The team is working through the planning stages of programs and activities that will be put in place during the 2008-09 school year. The Eagle View Family-School Partnership team has met monthly since November to create an outline of our vision for Eagle View in the next three years. Below is a summary of our goals in four of the six categories of involvement: parenting, communicating, volunteering, and learning at home.

The Family-School Partnership team is always looking for more members. We currently have about ten active team members (including school staff and family members) to plan and implement our goals. We need more family members to become part of our team to make a difference in their child's school. The team meets monthly on the third Tuesday at 6:30pm in the Little Theater. If you are interested in more information, please contact Becky Wyland at Rebecca.wyland@fcps.edu.

Parenting

VISION: Increase bi-directional understanding between schools and parents in an effort to improve overall learning conditions and developing student goals.

Communicating

VISION: Establish an environment for ongoing, open, two-way communication between school and families.

Volunteering

VISION: Develop a systematic school-wide volunteer program

Learning At Home

VISION: Create a school-wide system for supporting students and families with at home learning activities.
